Shop the finest inverter batteries in Durban. We provide lithium battery options, including Hinaess PowerGem battery and Volta Battery.

What are inverters & uninterruptible power supplies (UPS)?

Inverters and Uninterruptible Power Supplies (UPS) are key elements in power system infrastructure. An inverter is a device that converts direct current (DC) to alternating current (AC), enabling the use of electrical appliances when main power is unavailable, such as in solar power systems or mobile applications.

What is an inverter & how does it work?

An inverter is a device that converts direct current (DC) to alternating current (AC), enabling the use of electrical appliances when main power is unavailable, such as in solar power systems or mobile applications. It essentially transmutes stored power from batteries into usable energy.
