
100kw hybrid inverter factory in Pakistan

How much does a hybrid solar inverter cost in Pakistan?

The prices for good-quality hybrid solar inverter installations in Pakistan remain in the region of about PKR 350,000. However, the total amount that one may have generally ranges from as low as PKR 80,000 to over 1,000,000 PKR, respectively, within more models. How Does a Hybrid Solar Inverter Work?

What is a solar inverter in Pakistan?

SolarMax presents a wide range of solar inverters in Pakistan providing alternate power solutions by converting Direct Current (DC) to Alternate Current (AC) so that you can enjoy an uninterrupted power supply all day long. Our products range from 3 KW to 100 KW + depending upon the electric energy requirements of the projects.

Should Pakistan use a hybrid inverter?

Hybrid inverters are the friendliest choice to date, allowing it to run on both solar power and store excess energy, taking directly from the grid. This would be of much use in Pakistan because such a facility would counter the daily disruptions brought by excessive unscheduled outages.

What is a hybrid solar inverter?

These hybrid solar inverters are your backup in a case whereby electricity costs have been minimized during off-peak hours or grid failures. They therefore offer an ideal solution for these homes and businesses that are in dire need of consistent energy sustainability.
