# 15kw hybrid inverter in China in Sydney

Which solar inverter is best for Australia & New Zealand?

China's solar inverter manufacturer GoodWe has released its ET G2 Series in Australia and New Zealand, a 6-15 kW three-phase high-voltage hybrid inverter. The ET G2 is tailored to the Australian and New Zealand household market, offering features like smart load control, 100% unbalanced output, and streamlined installation.

Are Sungrow inverters safe?

Safe and Durable Sungrow inverters offer the perfect balance of efficiency, durability, and cost-effectiveness, making them a top choice for solar energy solutions worldwide. Sungrow inverters are designed to operate quietly, making them suitable for residential and commercial settings.

How loud is a Sungrow solar inverter?

Their noise levels are typically below 25 dB, equivalent to a whisper or rustling leaves. This ensures they can be installed in noise-sensitive areas without causing disturbances. Sungrow is a publicly listed Chinese solar photovoltaic (PV) inverter manufacturing company headquartered in Hefei, Anhui.

As of 2024, standalone 15kw hybrid inverters range from \$2,800 to \$5,500 USD, depending on brand, features, and region 6. Premium models with integrated transfer ...
