## Argentina's 70 billion energy storage project

How much energy does Argentina need for a battery energy storage system?

Argentina's first energy storage tender has lured proposals for 1,347 MW of combined capacity, indicating a high investor interest that significantly exceeded the 500-MW target. Battery energy storage systems (BESS) License: CC0 1.0 Universal (CC0 1.0) Public Domain Dedication.

Can battery energy storage modernize the grid in Argentina?

The... Argentina's ambitious push toward grid modernization through battery energy storage has received an enthusiastic response, with CAMMESA (Compañía Administradora del Mercado Mayorista Eléctrico) confirming the submission of 27 project proposals from 15 companies under its AlmaGBA program.

How many MW of battery energy storage will be deployed in Buenos Aires?

The initiative aims to deploy 500MW of battery energy storage systems (BESS) in the Greater Buenos Aires Area (GBA), but the submitted capacity has far exceeded expectations--reaching a combined 1,347MW

What is Argentina's first energy storage tender?

(USD 1.0 = EUR 0.860) Loading... Argentina's first energy storage tender has lured proposals for 1,347 MW of combined capacity, indicating a high investor interest that significantly exceeded the 500-MW target.

Concurrently, Argentina's push toward its renewable energy targets--mandating 20% of electricity from renewables by 2025 under Law 27,191--has increased the influx of ...

Argentina's first energy storage tender drew 1.347 GW of bids from 15 companies proposing 27 projects, exceeding the 500 MW target ...

Argentina's 1.3 GW battery storage tender marks a transformative leap toward grid resilience and clean energy leadership in ...

Argentina's 1.3 GW battery storage tender marks a transformative leap toward grid resilience and clean energy leadership in Latin America.

The AlmaGBA initiative, Argentina's largest battery storage procurement scheme, had already topped its initial aim by awarding contracts for 667 MW of sites. The energy ...

The AlmaGBA initiative, Argentina's largest battery storage procurement scheme, had already topped its initial aim by awarding ...

Argentina's first energy storage tender has lured proposals for 1,347 MW of combined capacity, indicating a high investor interest that ...

Argentina has awarded 667MW of battery energy storage system (BESS) in its first tender under the AlmaGBA scheme.

Argentina's first energy storage tender drew 1.347 GW of bids from 15 companies proposing 27 projects, exceeding the 500 MW target and representing more than \$1 billion in ...

Argentina's battery energy storage systems tender receives 1.3 GW in bids--more than double its target--highlighting growing demand ...

---

Argentina's Energy Secretariat published the national and international tender called &quot;GBA Storage -AlmaGBA&quot;, through Resolution 67/2025, intended for the contracting of ...
