# Danish monocrystalline solar panel manufacturer

What is Danish solar energy?

Danish solar energy releases the world's most efficient selection of colored solar modules. This ingenious technology is especially interesting for the building industry, where solar energy can be integrated 100% in the building so that roofs and facades in practice become energy producing.

Who is dansolar?

DanSolar offers complete solar energy solutions in Denmark and abroad. DanSolar is a Danish-owned company founded in 2006. With DanSolar, you get a strong and highly experienced solar cell supplier.

What is the first solar facade in Copenhagen?

THE FIRST SOLAR FACADE AT A LISTED BUILDING IN COPENHAGEN. A beautiful facade solution with red high-efficiency CFR solar cells in one of Copenhagen's many red stone properties. The first first red solar cell facade solution in Copenhagen, and probably the first in the world.

Who can buy and sell solar panels?

With DanSolar, you get a strong and highly experienced solar cell supplier. In principle, anyone can buy and sell solar panels, but only a few can configure systems like DanSolar and offer turnkey contracts in connection with the design, setup, assembly and installation of both ordinary systems and solar parks.
