## Huawei Philippines solar container battery usage

How many GWh of battery energy storage in the Philippines?

With the latest deal, the Philippines has procured cumulative 6 GWh of battery energy storage systems (BESS) within days. China's Huawei has bagged its biggest BESS order to date and will supply the Meralco Terra Solar Project in the Philippines, which is considered the largest integrated solar and battery storage facility in the world.

Will Huawei provide a 4.5GWh BESS for Meralco Terra solar project?

Huawei has secured a supply agreement to provide a 4.5GWh BESS for the Meralco Terra Solar project in the Philippines.

Does Huawei have a BESS solution for Terra solar?

Regarding large-scale BESS deployment, Huawei recently provided its Smart String ESS LUNA2000-2.0MWH-4HL batteries combined with its Luna 2000-200KTL-HO inverters for a 204MW system in Romania. While the company did not explicitly mention the BESS solution for the Terra Solar project, it did provide details on the features it will include.

What is Terra Solar Philippines & SPNEC?

The project is currently developed by Terra Solar Philippines, a subsidiary of SP New Energy Corp. (SPNEC), and will eventually feature 3.5 GWp of solar power and 4.5 GWh battery energy storage.

HUAWEI FusionSolar Residential Smart PV provides a one-fits-all solution from power generation, storage, to charging and power consumption. We always maximize efficiency and ...
