# Iceland's Fiber Optic Energy Storage Solution

Why did HBS Energy & Environment students visit Iceland?

This past February, 50 HBS Energy & Environment students traveled to Iceland to witness firsthand how the country is harnessing the power of nature to deliver clean energy, hot water, and several other decarbonization solutions that affect not only Iceland, but all of us. Renewable energy for everyone, big or small

Does Iceland have a decarbonization solution?

It sounds like magic, but it's Iceland. This past February, 50 HBS Energy & Environment students traveled to Iceland to witness firsthand how the country is harnessing the power of nature to deliver clean energy, hot water, and several other decarbonization solutions that affect not only Iceland, but all of us.

What makes Iceland a global example of sustainability?

People who care-- that's my personal take on Iceland's greatest natural resource. It's what has made the country a global example of sustainability. And care is exactly what we saw in the faces and attitudes of the people we met during this season of our Icelandic adventure.
