
Middle East Outdoor Power Company

Is wind energy a business opportunity in the Middle East?

While solar has become a popular avenue for companies in the Middle East due to its solar yield and reliability, wind energy is also becoming an opportunity for business growth. ACWA Power and Envision Energy are developing a 1.1 GW wind farm in Egypt's Suez Gulf region, which has the highest wind potential in the country.

Does Saudi Arabia have a solar power plant?

Saudi Arabia is also making strides with its solar ambitions. SPPC has signed a PPA with Jinko Power, Sun Glare Holding Company (SGHC), and Sunlight Energy Group (SEG) to develop a 400MW Tabarjal solar PV power station in Al Jawf Governorate on an IPP basis.

Who owns NAGAA Hammadi solar plant?

Scatec is the sole owner of the plant, providing EPC, O&M, and asset management for the project. Integrating the BESS at Nagaa Hammadi enables the plant to store excess solar energy and dispatch it during peak demand or at night.

Is Saudi Arabia a good place to invest in solar power?

The Mohammed Bin Rashid Al Maktoum Solar Park's ongoing expansion, which aims to reach a capacity of 7,260MW by 2030, continues to create demand for a skilled workforce, making it an attractive destination for professionals across the region. Saudi Arabia is also making strides with its solar ambitions.
