# Mobile Folding Containers for Tourist Attractions

What is a foldable container?

Foldable container is a square design which increases over 4% space compared with traditional structure. All production finish in the factory, direct field use which will reduce over 90% construction waste. The foldable container is a good choice whether it is used as a residential house or an office. Robust, safe and affordable.

Is a foldable container a good choice?

The foldable container is a good choice whether it is used as a residential house or an office. Robust, safe and affordable. Thanks for the good service.

How many foldable containers can a 40ft container load?

One 40ft container can load 8-10 sets of foldable containers. The base plate of foldable container is made of thick high-quality galvanized steel, and the sidewalls are using high-strength polyurethane insulation board, thermal insulation. Seamless splicing of the container body, strong sealing. You can install these foldable containers easily.

Fast Construction & Easy Installation. Repeat Use Many Times. Waterproof Design. Short Delivery Time. Flexible Layout. Eco-Friendly Material. Low Cost. The whole structure of the folding container house is prefabricated in our factory. The window, door, ceiling, floorboard, and electric parts are all installed in advance. So when this container house is transported to your site, you only need to use a crane to lift the roof slowly, then the structure will unfold, and then you use some high strength...
