On the occasion, Secretary of the State Administration Council Lt-Gen Aung Lin Dwe said as Myanmar is rich in renewable energy sources such as hydropower, solar and wind power, it will make full use of the advantages provided by the nature and build solar power plants.

Who is Sun Power Company?

Sun Power Company was established since 1998. Being an oldest solar company in Myanmar, Sun Power has been distributing solar panels since 18 years ago. By using solar energy in Myanmar, we firstly introduced residential LED lighting system in 2009 and commercial LED lighting system in 2011.

What is Myanmar's Solar potential?

In the short- to medium-term, off-grid solar home systems and mini-grid solar /solar/hybrid projects aim to connect households in remote locations where the costs of grid access are prohibitively expensive. The Asian Development Bank estimates Myanmar's potential solar resource at 27 GW. To date, very little of this potential has been realised.
