Who makes a solar isolator?

Our range of Solar Isolators includes products from leading brands such as CBI Heinemann, Gen3 Industrial Switchgear, NHP, PGK Distribution, and ZJ BENY. At Tradezone, we offer a range of benefits to our customers, including fast shipping Australia wide, and a price match guarantee.

What is a solar DC isolation switch?

A solar DC Isolator switch stops electricity generated through a PV system- it prevents excessive current flow and damage to equipment in the event of a fault, but it can also be utilised to allow safe servicing and maintenance of your system. Our DC Isolators are specifically designed to be used with solar panels.

What is a DC isolator?

They are designed to isolate the DC current from the solar array, allowing for safe maintenance and repair. With a range of options available, including PGK Distribution and ZJ BENY products, you can find the perfect DC isolator for your needs.
