# Pyongyang solar lamps for home lighting

What are uponun indoor solar lights?

The UPONUN Indoor Solar Lights are extremely unique as you can choose between warm white and cool white color options. You can also set the lighting time and brightness with the help of the remote control. That is a versatile and flexible indoor solar lighting option that provides up to 1000 lumens of brightness. [Read more](#)

What are indoor solar lights?

Indoor solar lights are energy-efficient, versatile, and portable lighting options that use solar energy. They are cost-efficient, long-lasting, and reliable during power outages. Indoor solar lights absorb sunlight during the day with solar panels and convert it into electricity to power the lights at night.
