
Solar glass industry and commerce

What is the global solar glass market size?

Solar Glass Market size is expected to reach nearly US\$146.11 Bn. by 2029 with the CAGR of 29.3% during the forecast period. Increasing demand for clean energy, due to growing awareness regarding global warming is in turn, increasing the demand for photovoltaic glass, thereby boosting growth of the market.

Why is the solar PV glass market growing?

Government rules that are favorable to the development of solar PV plants is one of the factors driving the growth of the solar PV glass market. Additionally, the market for solar PV glass is growing due to the surge in demand for solar systems on a residential, commercial, and utility scale.

Which countries are leading the solar glass market?

Europe and Asia Pacific are key regional markets for solar glass. Europe is leading the solar glass market while China is foreseen to exhibit the highest growth rate during the forecast period. Favorable regulations in European countries including Italy, Spain and Belgium are expected to create demand for solar glass market.

Which region dominates the solar glass market?

“Asia Pacific Region to Dominate the Market with Adoption by Commercial Areas and Major Players” The Asia Pacific region held almost half of the solar glass market share in 2020.
