# Solar panel manufacturers in Hamburg Germany

Who makes solar panels in Germany?

Based in Bonn, SolarWorld is one of the oldest and most respected solar panel manufacturers in Germany. Established in 1988, SolarWorld has made significant contributions to the solar industry. It is recognized for its quality products and rigorous manufacturing standards.

What makes the German solar industry unique?

From companies like Invertermannufaktur.com and Q-Cells, with a long history in the market, to relative newcomers like Heckert Solar and CentroSolar, the German solar industry is characterized by innovation, quality, and a commitment to renewable energy.

Why are solar panels certified in Germany?

As such, certification is a significant aspect of the solar panel market in Germany. The German market, as one of the pioneers and leaders in the solar industry, has established stringent certification standards to ensure the performance, durability, and safety of the solar panels being used in the country.

Who is Solara?

SOLARA is the strong brand for solar technology (photovoltaic) from northern Germany for over 20 years. As a specialist provider of stand-alone systems (e.g. mobile solar systems for various vehicles such as caravans and sailing boats), made in Germany, we guarantee a reliable power supply. Clean, emission-free electricity from renewable energy.
