
Southeast Asia Industrial and Commercial Energy Storage Cabinet

What are commercial and industrial energy storage systems (C&I ESS)?

In the wave of energy transition and green development, commercial and industrial energy storage systems (C&I ESS) are making significant inroads across various sectors of the economy. These systems are becoming a critical force in promoting efficient energy use and green transformation.

What is a residential energy storage system?

Our residential energy storage systems allow homeowners to store the energy produced by their solar panels during the day and use it at night or during periods of low sunlight. With our energy storage systems, residents can reduce their dependence on the grid and enjoy greater energy independence.

What is Sembcorp energy storage system (ESS)?

Singapore, February 2, 2023 - Sembcorp Industries (Sembcorp) and the Energy Market Authority (EMA) today officially opened the Sembcorp Energy Storage System (ESS). The Sembcorp ESS is Southeast Asia's largest ESS and spans across two hectares of land in the Banyan and Sakra region on Jurong Island.
