
Where to charge outdoor power bank

What is a shared power bank?

Shared power banks are portable battery packs available for rent at various locations. These power banks provide a convenient solution for charging your mobile phone and other devices on the go. In China, this service has become incredibly popular, making it easy to find a power bank rental almost anywhere. How Do Shared Power Banks Work?

How do I charge my power bank?

Choose Your Power Source You have several options for charging your power bank, such as a wall adapter, a computer port, or a car charger. You should also pay attention to the input voltage and current listed on the label or manual. Using a compatible charger ensures optimal charging without overheating.

How do you use a power bank?

Payment is typically made through mobile payment apps like WeChat Pay or Alipay. Charge Your Device: The power bank comes with multiple cables, including micro USB, USB-C, and Lightning connectors. Plug in your mobile phone and start charging. Return the Power Bank: When you're done, return the power bank to any station.

How do I rent a power bank?

Locate a Power Bank Station: Shared power banks are available at numerous stations, including malls, restaurants, and public transport hubs. Scan the QR Code: Most power bank stations have a QR code. Scan it with your mobile device to start the rental process. Rent a Power Bank: Follow the prompts to rent a power bank.
