# Yinli solar Panels

Are Yingli solar panels good?

Happy end is in sight: we happily report that the PV modules from the Chinese company panels are good once again and you'll learn more about them in our Yingli Solar panels review. Yingli Solar was founded in 1998 and is headquartered in Baoding, China. It quickly became one of the top players on the market.

Who makes Yingli solar panels?

Yingli Solar is one of the oldest renewable energy manufacturers and has been in business since 1998. The Yingli business model covers the entire production process of the panel. From the raw materials that make silicon solar cells, or ingots, to the backsheets, Yingli strives to ensure that each solar panel is high-quality.

What is Yingli Solar?

Yingli is a high-quality, low cost producer of Panda monocrystalline and YGE polycrystalline solar panels. High efficiency PANDA modules are created from an innovative N-type cell technology. The panda lineup ranges to 300 watts with module efficiencies of up to 18%.

Are Yingli solar panels UL certified?

All Yingli solar panels have a 25-year power output warranty, UL certification and California CEC approval. They qualify for renewable energy tax credits and rebates.
