

Zagreb Foldable Container with Extra Large Capacity

What is a foldable large container?

Foldable large containers (also called: pallet boxes) are large collapsible containers adapted to Standard pallet footprints. They can be manufactured from wood or plastic. As a combination of container and pallet, pallet boxes often have runners. Due to the runners, operators can easily handle the large containers with fork lifts and lift trucks.

What is a foldable large container (FLC)?

HIGHLIGHTS The ORBIS Europe BulkPak™ brand of foldable large containers (FLC) helps global automotive and industrial companies streamline part shipments across global supply chains. For increased transport efficiency, our FLC containers are stackable and collapsible with a return ratio of up to 1 : 3.

Are plastic crates and containers collapsible?

These plastic collapsible crates and containers also offer excellent internal capacity and are very sturdy, so will not collapse during use. Browse our range of Folding Pallet Box Crates and Containers. All of our plastic pallet boxes are in stock and available for next day delivery.

What is a heavy duty collapsible bulk container?

Our heavy duty collapsible bulk containers are part of the BulkPak™ line and transport even bulky, hard-to-fit parts safely. At the same time, the large FLCs hold up to 900 kg. With a return ratio of up to 1 : 2,6, the collapsible bulk containers optimise space utilisation during storage and return transport.
