
Zambia solar panel rail manufacturer

Who is Sunray Power Company?

Sunray Power Company designs, supplies and installs high quality solar products including solar panels, batteries, inverters, charge controllers, mounting structures, heat pumps, accessories and solar water pumps. Our services include design of bespoke solar solutions, monitoring of installations and PV Solar training.

Why should you invest in a photovoltaic system in Zambia?

Zambia provides optimal conditions for photovoltaic (PV) with average irradiation rates of 5.5 kWh/m². To harvest that huge source of energy we provide a wide range of photovoltaic solutions for the residential, business and social sector. In general, PV systems can be divided into on-grid and off-grid systems.

Why should you choose a solar pump system in Zambia?

Zambia has one of the biggest water resources in Sub-Saharan Africa and our solar pump systems will enable you to access those resources at any place. Either for residential use, irrigation of farm land or industrial applications, solar pumps will ensure an independent water supply at your location.

Who is solar design & supply & install?

We Design, Supply & Install High Quality Solar Systems. Our services include design of bespoke solar solutions, monitoring of installations and PV Solar training. We are suppliers and stockists of high quality solar products and accessories. Watch this space for our new partnership program for resellers and installers that will be launched soon!
